

MK SPOT REMOVAL KIT™

For Polished Marble Surfaces

Effectively removes spots caused by acidic liquids, foods, or chemicals that have removed the shine or finish from a **polished** marble surface. **MK Polish & Spot Remover** removes spots caused by juices, coffee, tea, alcoholic beverages, condiments, household cleaning products, pet messes and much more.

Contents:

- 1 4 ounce **MK Polish & Spot Remover™**
- 1** 8 ounce **MK Neutral Klean™**
- 1 8 ounce **MK Penetrating Sealer Plus™**
- 1 Teaspoon
- 2 Hand Buffing Pads
- 1 Sponge
- 1 Terry Towel
- 2 Pair rubber gloves

Directions for Spot Removal:

NOTE: PRODUCT TO BE USED ONLY ON POLISHED MARBLE SURFACES!!!!

Step 1: Wet spotted area with small amount of water.

Step 2: Apply ½ measuring spoon of **MK Polish & Spot Remover™** to water.

Step 3: Take buffing pad, place on polish and water, and buff spotted area in a circular motion for 3-5 minutes creating a thin watery mixture. **Note: Depending on size of spot process may take longer than 3-5 minutes.**

Step 4: Remove buffing pad. Pick up excess mixture with a sponge. Rinse sponge and then clean area thoroughly with **MK Neutral Clean™**. (Following directions on the label.)

Step 5: Buff dry the treated area using a clean terry towel.

Note: If spots are still visible, repeat the above process.

Step 6: Seal area with **MK Penetrating Sealer Plus™** (Following instructions on label.)

WARNING: Avoid contact with skin, eyes and clothes. In case of contact, flush thoroughly with water and immediately call physician. Do not swallow. Keep out of reach of children. Store in a dry place.

Marble Kare Products Inc., will not be liable for any damage ensuing to property or injury to operator or any other person due to misuse or misapplication of **MK Spot Removal Kit™** or any other chemical sold by them.
